Kitchen design with a clear vision

Kitchen Architecture, recently crowned the best kitchen retailer in the UK, continues to lead the way with a complete refurbishment of its Oxford showroom.

As current holder of the highest accolade in the kitchen industry, the Master Retailer of the Year Award, Kitchen Architecture creates multi-functional, kitchen/dining/living areas for the most discerning home-owners.

Boasting one of the strongest bulthaup teams in the world and displaying the most up-to-date ranges of bulthaup furniture in Europe, a visit to this newly renovated showroom is a must for anyone considering an open-plan living space.

The single-glazed frontage, showcasing the timeless beauty of the bulthaup brand, is warm and inviting. Five stunning displays provide an exciting and inspirational environment that allows you to visualise the furniture in your own home.

The use of natural stone flooring, wood and bronze add an organic, period feel while

the side extension to the showroom provides a more architectural, white-box environment. The underlying message is that bulthaup looks as comfortable in period properties as it does in modern surroundings.

Rob Gelling, MD, said: "I set up Kitchen Architecture with a very clear vision – simply to be the best provider of high-end kitchens in the business. Our driving force is to give unrivalled service, product knowledge and project delivery."

Constantly striving to surpass the expectations of our clients we are delighted to display the latest bulthaup ranges in our newly refurbished Summertown showroom in Oxford."

Readers looking for design ideas should visit the case study section of the website where you will find fabulous examples of recent kitchens and living spaces created by Kitchen Architecture.

Paving the way for your home

Terrafirma Paving has been established for more than 30 years and remains one of the leading driveway specialist for the Oxfordshire and Berkshire area.

From block-paving, Tarmac/asphalt, patio flagstones, concrete shingle and gravel driveways, to paths and forecourts, they work with you to give you functional and fantastic entrances to your property.

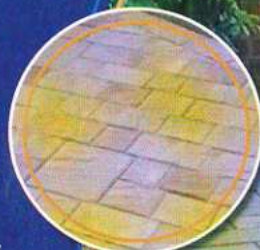

They design and build beautiful landscaped driveways, patios and entrances for homes and businesses with specialist teams fully insured, employed and qualified.

Terrafirma offers a free site survey and initial meeting to understand your needs, discuss the materials available and how they would approach your driveway and landscaping.

For your free estimate, call (01491) 699832.
