KITCHEN ARCHITECTURE

Established in 2002, this family-run business received the news that they'd won the UK kitchen industry's most covered accolade just as they were unveiling their newly renovated showrooms on the Banbury Road.

The award, which is judged by leading industry figures, assesses all-round business excellence, including customer service, design, project delivery, staff motivation and training, business strategy, and marketing.

Walking around their Summertown showroom, it's not hard to see why

Kitchen Architecture has earned a reputation amongst Oxfordshire's most discerning home-owners as the place to go for open-plan living, with five stunning displays from bulthaup's latest furniture ranges.

With one of the strongest bulthaup design teams in the world, Kitchen Architecture pride themselves on delivering bespoke kitchens that compliment period properties as gracefully as they do modern homes. Rob Gelling, MD, comments: "The driving force behind the entire team is to give our clients unrivalled

service, product knowledge and project delivery. As our local clients have experienced we always strive to surpass their expectations, and this underpins everything we do. I would like to thank all of our clients for their very kind recommendations – without these we would not have been able to build our business as it stands today."
